Please share your inspiration for your project on a separate piece of paper. We are providing our bidders your stories to help them understand the love stitched into each project which makes them worth so much more. As we read these stories, it surprising when the names can easily be changed to fit our own lives. This is how these quilts find their homes and we are assured they will be appreciated and your efforts rewarded. If you prefer, you may leave the names out altogether. Thank you in advance for your generosity with this donation and just as importantly, the inspiration behind it.
